

# GigaHEALTH Express-Check Assessment Service

## Service Description

The GigaHEALTH™ Express-check Assessment service delivers an analysis of deployed Gigamon networks to maximize visibility, security, and business value from the Gigamon technology investment. This includes a review of the Gigamon infrastructure and identifying potential configuration or setup issues within the existing visibility solution.

## Features and Benefits

Service Feature	Benefits
GigaHEALTH Express-Check Assessment Components	<p>Includes assessment for a portion, or for the entire, Gigamon deployment.
